

Adjuncts United Audit Report

Date: January 17, 2010

Local Name: Adjuncts United

Local Number: 6428

We have examined the financial records of Adjuncts United of Syracuse University for the period August 1, 2008 through July 31, 2009, and found them to be in good order. This examination was performed by a committee of members of Adjuncts United and was not necessarily conducted in accordance with generally accepted accounting principles.

During the course of our examination we found:

- Minutes had not been kept. We recommended that minutes be kept.
- Fiscal reports had only been made at one meeting. This has been rectified for the current year.
- Bank statements were mailed to the treasurer, who also reconciles the checkbook.

The reports are now hand delivered to the president, who is initialing them.

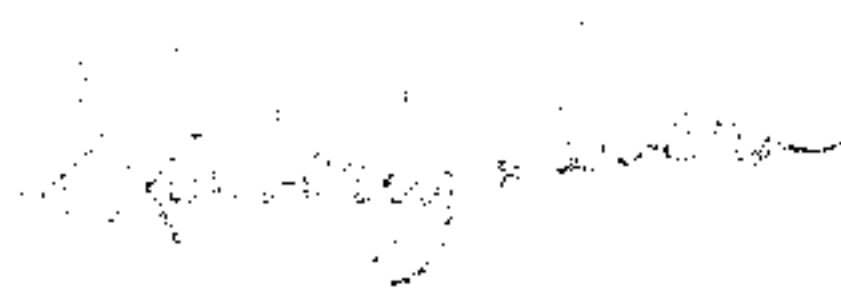

In all other respects the records are in order and well documented.

Based upon our examination, we consider the attached financial statements for the period August 1, 2008 through July 31, 2009 to be an accurate summary of transactions conducted during that period.

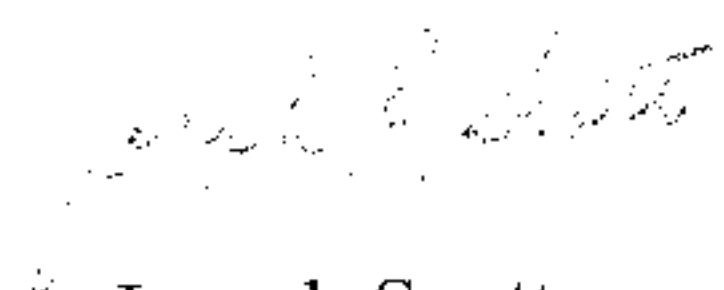

Sincerely,

Marjory Baruch
